

**To better serve you we offer the following:**

**Online Medical History and Appointments** – As an established patient, you have the convenience of making your own appointments 24 hours a day- 7 days a week- with no waiting. After registration you will be able to make your own appointment with any of our clinicians at any of our four locations. You can check scheduled appointments and reschedule appointments you have made online if necessary. You will receive appointment reminders giving you plenty of notice incase something else should arise and you need to reschedule.

**Website** – Our website is not only a patient information resource but it also allows additional non-urgent communication, general questions, and prescription requests. Please register at [www.awhg.org](http://www.awhg.org)
